CBFS (Training Centre, Block 2, III Floor)

Key Learning Objectives:

The ACI Dealing Certificate New Version Exam has been designed to cover the basic competence skills for the new entrants in dealing floors and all other financial markets roles related to foreign exchange, interest rates and commodities instruments.

The Syllabus has been built to allow basic understanding of these instruments and the related financial market segments, therefore providing the required competence level for existing or future financial markets professionals.

The Syllabus and the respective exam have been redesigned with five topics covering the full range of foreign exchange, interest rates and commodities instruments, as well as their related markets with theoretical and quantitative sessions, in addition to financial markets environment and applications with theoretical questions.

Target Participants:

The course of study for the ACI Dealing Certificate (New Version) is designed for:

- Recent entrants and junior dealers (0-24 months experience) in the dealing room
- Middle office and operations personnel
- Compliance and risk officers

The ACI Dealing Certificate (New Version) is a precursor to the ACI Diploma (New Version).

Contents Highlights:

There are 5 core subject areas (and Topic Baskets) in the ACI Dealing Certificate (New Version) whose detailed coverage is appended:

- Financial Markets Environment
- Foreign Exchange
- Rates (Money and Interest Rate Markets)
- FICC (Fixed Income, Currency and Commodities) Derivatives
- Financial Markets Applications

In each ACI Dealing Certificate New Version Exam, a candidate will be asked 70 multiple choice test questions to be answered in two hours. The computer-based exams will be offered in selected test centres all over the world.
